(C) PolOff covered Reftels' talking points with Counselor Sebastian Sayus in the Foreign Ministry's Office for International Security and Nuclear and Space Issues (DIGAN) on February 28, and followed up on February 29. Sayus stated that the Foreign Ministry was concerned with Iran's continuing failure to comply with UNSC Resolutions and fully supports the IAEA Director General's efforts to move forward with the August 2007 Plan of Work. Sayus said the GOA believes Iran needs to build confidence, should fully implement the IAEA Additional Protocol, and fully meet its obligations under the three UNSC Resolutions.
